

ORAL PEPTIDE
BPC-157

Description:

BPC-157 is a gastric peptide known for its regenerative and protective properties. In oral form, it supports healing of the gut lining, reduces inflammation, and promotes recovery from injury or stress.

Benefit:

Supports gut health, tissue repair, and reduced inflammation.

Side Effects:

It is important that you follow the dose and administration instructions as listed. BPC-157 is generally well tolerated with minimal reported side effects. Some individuals may experience mild digestive upset, nausea, or dizziness. If any of these symptoms become severe, contact us and let the medical team know.
